### Good Health Within Easy Reach

Vigorous Health Only as Far Away as the Use of Pepto-Mangan.

Creates Rich, Red Blood.

Pepto-Mangan Obtainable in Liquid or Tablets—Insist on "Gude's", the Genuine.

There is really no reason why men or women with thin, watery blood and consequent poor health should remain in that unfortunate condition. Thin, nervous, run-down, tired people never get much happiness out of life.

Men and women with the bloom of health in their cheeks, a cheerful, sunny disposition and an attractive personality are the folks who get most of life's enjoyment, pleasure and success.

Gude's Pepto-Mangan furnishes thin, watery blood with the necessary nourishment to enrich it, enabling it to supply energy, vitality and strength to every part of the body.

Physicians recommend Gude's Pepto-Mangan to patients suffering from anemia because its beneficial and lasting qualities are well-known to the medical profession.

Gude's Pepto-Mangan is obtainable in either liquid or tablet form. Both forms contain exactly the same strength and medicinal properties.

When you buy Pepto-Mangan of your druggist, be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.

### INTERMENT AT PLEASANT GROVE

Interment was made Saturday of the body of Jesse Scarborough who died here Wednesday afternoon of last week at the home of his brother, J. E. Scarborough, after an illness of two years with tuberculosis. Interment was made at the Pleasant Grove cemetery, three miles east of Jasper, Saturday morning, the burial being postponed awaiting the arrival of his father, J. D. Scarborough, of Belzoni, Miss., who was delayed by floods.

Funeral services were conducted by Rev. G. W. Cox, of Chattanooga, of the Baptist Church, of which deceased was a member. He was a soldier of the late war, being sent to Camp Jackson, Miss. Unfortunately the camp was not in condition to receive soldiers when his company got there, and as a result, it is believed, nearly one half are dead, all from tuberculosis. He was removed to the tuberculosis camp in Arizona by the government in hope of checking the disease, but with no improvement. In the early summer this year, he was brought to the home of his brother here. He offered his life as a sacrifice to his country, and his sufferings were more intense and more extended than those who fell in battle. He was 23 years, 10 months and 5 days old.

He leaves a father and mother, Mr. and Mrs. J. D. Scarborough, and several brothers and sisters, residing at Belzoni, Miss., as well as two brothers in this section, O. C. Scarborough, of College, Tenn., and J. E. Scarborough, of this place.

### CLARENCE MARTIN VISITS FORMER HOME

Clarence W. Martin, of the U. S. Aviation Department, was here Tuesday night, visiting his old home. He has been in the U. S. Service eleven years, and during that time has seen a great deal of the world. He participated in eleven engagements in France and escaped without a scratch, and was with the Army of Occupation in Germany. He has been visiting relatives in Detroit, Mich., and in Chattanooga, on the usual furlough granted men who have seen overseas service. After that he will return to his aviation work, which is along the eastern coast. He originally entered the regular army, but developing flat feet, at his request, was transferred to the aviation department and has been 108 hours in the air. Previous to enlistment he went to sea, going to China, Japan, Belgium and other countries, and incidentally sailing around the Horn, during which trip he decided to change his sea-faring life to one on land. He came here for the filial duty of looking after the graves of his parents, Mr. and Mrs. Mark Martin, who are buried in Owen Cemetery. The family resided here years ago, after the death of Mr. Martin moving to Chattanooga, when he was about ten years old.
